While the faucet gets attention because it stands proudly above the countertop and showcases its beauty for all to see, the sink handles the load in the kitchen. Your sink is an important element of design and functionality that should never be overlooked. That's why Moen® builds sinks using the same philosophy that guides our leading brand of faucets – create products that offer stylish design and superior quality.

Lancelot Professional™

10" deep bowls

Lancelot Professional undermount sink / 22379
Aberdeen™ high arc single-handle pulldown kitchen faucet / 7590SL

15-Year Limited Warranty
on all Lancelot sinks

Now you can have a professional-grade sink to match your professional-grade appliances. The Lancelot Professional undermount sink series features clean, stylish design and commercial-quality construction to please the resident gourmet. Ample 10" deep bowls suit modern kitchen dimensions and accommodate large cookware. Sidewalls meet the bottom of the sink at a 45° angle – giving the sink a unique style element that is also easier to clean. Heavy-duty 16-gauge 304 stainless steel construction with SoundShield™ undercoating offers years of quiet performance. Lancelot Professional. High-end comes home.

Lancelot® Undermount

Aberdeen™ high arc single-handle pulldown kitchen faucet / 7590SL

Think outside the square. With Lancelot undermount sinks, you can get the durability of stainless steel in shapes that add personality to your kitchen. Choose an oval or round bowl for an elegant look. Install a rounded sink that features a softly curved back for a customized look. You can opt for traditional square versions, as well. There are more than a dozen models that include single- and double-bowl options. Each features dent-resistant 18-gauge stainless steel construction with a lustrous satin finish and SoundShield™ undercoating.

Drop-In Sinks

Camelot double-bowl sink / 22234
Camerist™ single-handle pullout kitchen faucet / 7545C

If you prefer the ease of installation afforded by a drop-in sink, Moen® offers several models and price points. Opt for a drop-in version from our flagship sink series – the luxurious Lancelot®. Or select from the elegant and sturdy Camelot® line. And the outstanding value of the Excalibur® series means there's no need to sacrifice quality when you have a tight design or remodeling budget.

Drop-In Sinks

Choose from an extensive array of size and configuration options from single- to triple-bowl.

Color. Texture. Durability. MoenStone Granite has it all. First, MoenStone gives you the opportunity to color-coordinate your sink to your decorating scheme. Each popular color option has a natural texture that adds beauty to any kitchen. Best of all, the color is molded throughout the entire stain-resistant bowl so marks never show. Add to that heat-resistant qualities that allow you to take a 535°F pan from stove to sink without worry. Unsurpassed durability and unique beauty from Moen[®]. Naturally.

MoenStone sinks are appropriate for drop-in or undermount installation.
