Quantum2

SeriousWindows 600 Series

Providing the ultimate level of beauty, performance, and energy efficiency

Windows are the key to efficiency and aesthetics of a home. And, today's homeowners know that replacing windows involves more than just a trip to the local hardware store. Your selection will have a lasting effect on the look of your home and your family's comfort. Know you are making the right decision in your choice with SeriousWindows™ Quantum2. It is the finest product in the industry - unparalleled in energy efficiency, strength, durability, and style. Available in an array of interior/exterior colors, styles, and designs.

Quantum2 windows exceed Energy Star ratings and qualify for the energy tax credit for up to \$1500. These windows keep you cooler in the summer by reflecting solar heat and warmer in winter by keeping furnace heat in the house. With a lifetime warranty, guaranteed fuel savings pledge, and glass breakage warranty, the Quantum2 is the most desirable replacement window in the industry.

Designed to give you a remarkable combination of looks, reliability, performance, and serious value, the Quantum2 is the only choice when quality cannot take a backseat to cost.

Add an elegant bay, bow, or garden window and bring an extended, panoramic view of the outdoors into your home.

SeriousGlass™ 10 PowerQ

Two Panes of Double Strength Glass

For increased durability and strength.

Two Lites of High Performance PPG™ Low-E Glass

Specially oriented to provide additional insulation against the re-radiated heat from outside entering the air-conditioned home.

Suspended-Film

Reflects direct and indirect solar heat out and away from the room, dramatically reducing energy consumption. SeriousGlass 10 PowerQ with R-10 insulating power blocks up to 99.7% of damaging ultraviolet radiation produced by the sun. SeriousGlass 10 PowerQ system reduces noise levels 40% greater than single pane windows.

Dual Intercept Spacer System

To provide superior insulation against the transfer of heat to or from the outside.

Dual Sealant Systems

Polyisobutylene (PIB) and polyurethane provide a superior preventative barrier around the glazing perimeter to drastically reduce the risk of seal failure.

Exciting Architectural Shapes

Custom Sliding Glass Patio Doors

Distinct craftsmanship, unique character and superior performance year after year. Custom built doors and windows by Quantum2. Expect nothing but the best.

SeriousGlass 10 PowerQ exceeds government Energy Star requirements in all states

Quality and Craftsmanship

*49% fuel savings is achieved with SeriousGlass 10 PowerQ glass option - see dealer for details.
