Double-Locking Folding Utility Knife

One of the most commonly used tools on the jobsite is the folding utility knife. The Klein Double-Locking Folding Utility Knife offers an exclusive design in which the blade locks when the knife is closed. Since there are no tools required, changing a blade is as simple as releasing the blade button and inserting a new blade.

- Blade locks in both the open and closed position – an exclusive Klein design.
- Easy blade thumb release – no tools required.
- Uses heavy duty utility blades – most common blade found on the jobsite.
- Includes pocket/belt clip for convenient storage.
- One blade included.

Cat. No.	UPC No. 0-92644+	Length Closed	Overall Length with blade	Weight (lbs.)
