

Surface Mount Grid System™

CeilingMAX®

ACP
Sound Ideas. Proven Products.

Installs Easily & Maximizes Your Headroom.

Fast, Simple Steps

Easy-to-Follow Instructions On Back

Works with 2' x 2' or 2' x 4' ceiling tiles

CAUTION: Although CeilingMAX is "Class A" fire rated, it can deform with exposure to excessive heat. Never allow direct exposure to heat exceeding 140°F.

Examples of where to use CeilingMAX

Attach top hangers after wall brackets are installed

Covers old plaster or drywall

Apply to joists

Use over 12" x 12" stapled or glued tile ceilings

Install cross tees

Tilt to insert ceiling tiles of choice

Snap runners into top hangers

Compare CeilingMAX to any suspended metal grid ceiling.
